

Castor and Ailsworth Cricket Club – Replacement Pavilion

On 2021-02-16 14:08, Susan Henson wrote: to Cllr. Steve Davies:

Hi Steve,

We had a virtual meeting last night and the attached draft plan was discussed. It was agreed in principal by the committee, we need to keep the project manageable so decided that we will not use bricks and mortar but investigate a wooden frame or prefab. We appointed a Sub Committee for the development of the Pavilion and they will now source quotes for these types of buildings and look at our options. We may have to change our plan due to costs but this is a starting point.

I will keep you updated as we progress with this project. We have arranged another meeting for the 9th March.

Sue
