**Subject:** Land at the bottom of garden

Hello Steve,

Good to speak to you earlier.

My husband, Christian and I, were wondering if you would be able to advise who owns the land at the bottom of our garden, by the allotments? Our house is 15 Berrystead, Castor, Peterborough.

Our neighbors, own the undergrowth at the back of their garden, but we wanted to check who owns ours. Our thoughts were in order to maximise the use of our outdoor space, with a view to potentially;

- expand our boundary slightly by purchasing a few metres, which would be ideal
- expand our boundary with a long term lease of the land
- gain permission to move our shed back on to the land - others have done similar.

Your assistance in this matter would be very much appreciated.

Please let us know if you need any further information.

Kind regards,

Susan
